DISCOVER FINANCIAL SERVICES, INC. NEGOTIATED SERVICE AGREEMENT

Comment [X20]: This change reflects PRC Order No. 694. Numbering needs to be considered, as International Market Dominant NSAs begin at 1602. Also, the Standard Mail Declining Block Rates at header of page needs to be changed to reflect the Discover Financial Services, Inc. NSA.

Eligible Mail

Eligible First-Class Mail and Standard Mail under this section are defined as all First-Class Mail Automation Presort letters and Standard Mail Automation and Enhanced Carrier Route letters which are eligible for the full-service Intelligent Mail Barcode discount sent by Discover Financial Services, Inc. and by entities in which Discover Financial Services, Inc. holds controlling shares, and by their vendors on their behalf. Eligible mail under this section sent by Discover Financial Services, Inc. will be for the purpose of direct banking and payment services business, including, but not limited to, sales and other promotions run in conjunction with Discover Financial Services' strategic partners or as part of strategic alliances with other entities.

Eligible Mail Rebates and Calculations

The following adjusted revenue threshold for otherwise eligible First-Class Mail Automation Presort letters and Standard Mail Automation and Enhanced Carrier Route letters must be met before any rebates under this section are payable:

- a. Baseline Revenue. The baseline revenue is the total postage from Discover Financial Services, Inc.'s eligible mail less any sales rebates from February 2010 through January 2011.
- b. Year 1 Revenue Threshold. Baseline Revenue + 10%.
- c. Year 2 Revenue Threshold. Baseline Revenue + 15%.
- d. Year 3 Revenue Threshold. Baseline Revenue + 20%.
- e. Adjusted Revenue Threshold. For every one dollar that Discover Financial Services, Inc.'s total eligible First-Class Mail postage for the current contract year falls below the total eligible First-Class Mail postage for the preceding year, the revenue threshold for the current contract year for all of Discover Financial Services Inc.'s, total eligible mail will be adjusted upward by sixty-five cents. Any rebates received on the preceding year's First-Class Mail postage shall be excluded from the calculation of that year's total eligible First-Class Mail postage.

Rebate

Discover Financial Services, Inc. will be eligible for a rebate of 75% of the cumulative postage increase resulting from any price change for its eligible First-Class Mail letters, and 37.5% of the postage increase resulting from a price change for Standard Mail letters if Discover Financial Services, Inc. meets or exceeds its revenue threshold in that year. The average price increase for Discover Financial Services, Inc.'s eligible First-Class Mail and Standard Mail will be calculated as the change in a Laspeyres index of the relevant price categories for each class, using Discover Financial Services Inc.'s volumes in the preceding contract year as weights.

Penalties

Discover Financial Services, Inc. will pay the Postal Service 10% of the difference between the adjusted revenue threshold for the year and their actual postage if Discover Financial Services, Inc. fails to meet the adjusted revenue threshold in the first year of the contract. Penalties for the second and third years of the contract will be agreed between the Postal Service and Discover Financial Services, Inc. 90 days before the end of each previous contract year, to allow room for adjustment based on economic and market conditions.

Mergers and Acquisitions

The baseline revenue will be adjusted upward to the extent that Discover Financial Services, Inc. merges with or acquires any entity which mailed either First-Class Mail or Standard Mail or both. The adjustment shall be an amount equal to the total First-Class Mail presort letter and Standard Mail presort letter and Carrier Route letter postage paid by the acquired or merged entity in the twelve months preceding the current contract year.

Sale or Closure

The baseline revenue will be adjusted downward to the extent that Discover Financial Services, Inc. sells or closes a division or entity that mailed First Class Mail or Standard Mail or both. The adjustment shall be an amount equal to the total Discover Financial Services, Inc. eligible mail revenue lost from that particular entity or division in the year preceding the sale or closure.

Termination

Either the Postal Service or Discover Financial Services, Inc. can terminate this agreement with no penalty within the first nine months of any contract year. At the end of the ninth month, both parties are locked into the contract for the rest of that contract year.

In Zones 1-4 (including local), parcels weighing less than 20 pounds but measuring more than 84 inches in combined length and girth (but not more than 108 inches) are charged the applicable price for a 20-pound parcel.

Retail Dimensional Weight

In Zones 5-8, parcels exceeding one cubic foot are priced at the actual weight or the dimensional weight, whichever is greater.

For box-shaped parcels, the dimensional weight (pounds) is calculated by multiplying the length (inches) times the width (inches) times the height (inches) of the parcel, and dividing by 194.

For irregular-shaped parcels (parcels not appearing box-shaped), the dimensional weight (pounds) is calculated by multiplying the length (inches) times the width (inches) times the height (inches) at the associated maximum cross-sections of the parcel, dividing by 194, and multiplying by an adjustment factor of 0.785.

In Zones 1-4 (including local), parcels weighing less than 20 pounds but measuring more than 84 inches in combined length and girth (but not more than 108 inches) are charged the applicable price for a 20-pound parcel.

Commercial Plus Dimensional Weight

In Zones 5-8, parcels exceeding one cubic foot are priced at the actual weight or the dimensional weight, whichever is greater.

For box-shaped parcels, the dimensional weight (pounds) is calculated by multiplying the length (inches) times the width (inches) times the height (inches) of the parcel, and dividing by 194.

For irregular-shaped parcels (parcels not appearing box-shaped), the dimensional weight (pounds) is calculated by multiplying the length (inches) times the width (inches) times the height (inches) at the associated maximum cross-sections of the parcel, dividing by 194, and multiplying by an adjustment factor of 0.785.

Address Enhancement Services ensure that address elements and address lists are correct and up-to-date. In addition to providing software or information about ZIP Code lists, addresses, or moves, the services also include certifying systems to ensure that the proper address information is used. Some services allow the purchaser or licensee to make unlimited copies or to make additional copies for a fee.

AEC (Address Element Correction)

AMS API (Address Matching System Application Program Interface)

AMS API is a core set of compiled address-matching software instructions that developers incorporate into their software so that address lists can be updated with address data from the following databases, which are integrated into the AMS-API: City State, ZIP + 4, Five-Digit ZIP, eLOT, DPV, and LACS^{Link}.

For an additional fee, a developer may install the AMS-API on multiple computers for its own use. Additional fees are charged if the developer wants to resell its address-matching software. Developers, for an additional fee, may obtain computer software instructions that permit the API to access the RDI data when licensed separately. Additional fees are charged if the developer wants to resell RDI-API (Residential Delivery Indicator Application Program Interface).

TIGER/ZIP + 4 (Topological Integrated Geographic Encoding and Referencing)

The Topological Integrated Geographic Encoding and Referencing (TIGER/ZIP + 4) service is a bridge file that allows mailers to access other information using the ZIP + 4 codes they already have associated with their addresses. This file offers demographers and market researchers a method to relate ZIP + 4 coded address lists to Census Bureau demographic data.
